

# DYNASTRIPE

## Line Paint

Dynastripe is a premium textured acrylic line paint for tennis courts and other recreational surfaces. Formulated to be a fast drying, non-bleeding, long-lasting and sun bleach resistant paint, Dynastripe is unlike most solvent-based striping paints and will not etch the asphalt.

### ► Better Line Edges

High solids, heavy bodied character minimizes creep under tape.

### ► Durable

Dynastripe has been tested for thousands of hours in accelerated weather with no visible signs of fading, cracking, blistering or peeling.

### ► Long Lasting Color

Pure, inorganic, premium quality pigments resist sun and weather.

### ► Sand Textured Filled

Designed to match tennis court finish.

*Available in Jug and Pail*

Product #	Product Description
04124	1-Gallon Jug - White
04123	5-Gallon Pail - White

## Mix Design

Do not thin under normal conditions. Use clean, potable water if conditions require. Dynastripe white is formulated as a heavy-body paint to minimize creepage and to produce sharp edges when used with taped lines. For spray application, thin Dynastripe with up to 10% of potable water.

## Application

For use over asphalt and concrete pavements, the following application procedures are recommended for best results:

- Each application of the ready-to-use mixture shall cover approximately 640 feet of 2" wide line/gallon or 0.75 gallon for a standard doubles tennis court. Coverage rates can vary with age, texture and porosity of the pavement and with the method of application.
